Welcome to Our Cookery Club on Monday's at St Augustine's!

Our after school cookery club gives children the chance to explore the wonderful world of food in a fun, hands-on way. Each week, they'll make a new recipe from scratch while learning valuable cooking and life skills.

“My child had a wonderful time and came home excited to share what they learned. It was great to see them gain confidence in the kitchen!”

Children will learn to:

- Prepare a variety of sweet and savoury dishes
- Measure, weigh and follow recipes (using maths and reading skills in real life!)
- Understand the importance of hygiene and food safety
- Try new ingredients and flavours
- Build confidence and independence in the kitchen

What Happens in the Club

Each week, children make a brand-new recipe alternating between savoury and sweet. At the end of each session, they take home their creation to share with the family, along with a laminated recipe card so they can make it again at home.

All ingredients, cooking equipment, and packaging are provided you just need to book your child's place and we'll take care of the rest!
